Dear Parents and Guardians,

This afternoon the CDC recommended a change in the quarantine time frame from 14 days to 10 days for individuals who are symptom free. The Berrien County Health Department requested that schools continue to follow the current quarantine guideline of 14 days until further guidance is received from the Michigan Department of Health and Human Services. Berrien Springs Public Schools will comply with the request of the Berrien County Health Department to follow the current quarantine guidance of 14 days. The district will communicate if and when this guidance is revised by our local health department. Thank you.

Sincerely,
