

April 16, 2021

Dear Parents and Guardians,

As the school district makes preparations for the upcoming 2021-2022 school year, I wanted to communicate the learning options that will be available for your students. The 2021-22 school year will return to a more regular school year offering only two learning options: in-person and virtual learning. The "Connected Remote Classroom" option, being offered this school year for the elementary grades, will no longer be an offering.

Within the next few weeks, each building principal will be communicating with parents/guardians to provide additional details about these learning options. If you have questions or need additional information, please contact your child's school building office.

Thank you for entrusting your children to us and for your ongoing support of Berrien Springs Public Schools as we navigate the COVID-19 pandemic challenges.

Sincerely,

A handwritten signature in black ink that reads "David Eichberg".

David Eichberg, Superintendent
